Hey, we've finished up the doc, but it looks like the Dropbox still isn't open yet. So, I've attached it to this message, just in case. I know that this isn't how stuff is normally supposed to be turned in and I'm sorry for that, but we wouldn't want to be late on the turn-in after asking for an extension.

Thanks,
Connor

Post Script - I've also added the doc to the repo as previously requested.

Connor,

I set it so you can submit until tonight.

Thanks,

Hello, I just noticed that the Project Requirements Dropbox page is locked for turn-in. Whenever you get a chance would you be able to unlock that for our team members?

Thanks,
Connor

Subject: [CSC 470] Requirements Extension

Hello,

Sorry for sending this on the day of, but after talking with my fellow team members I totally forgot to send this last night. We were wondering if it would be possible to extend the due date of the requirements turn-in to Monday night? If not, that's fine. But it would be much appreciated seeing as we still have a handful of stuff to flesh out and not all of us can meet today.

Thanks,
Connor Knapp
